

Metal Surfaces Need Smooth Durable Coats

And These Are Just The Kind Which

Sherwin-Williams Pure Acheson Graphite Paint

gives. It insures durability because the pigment is absolutely inert, and the Sherwin-Williams Linseed Oil gives the maximum of linseed oil life. Being more finely ground than other graphites, the pigment in this paint spreads more evenly.

Not Because Your Neighbor

has ELECTRIC LIGHTS should you have them.

It isn't a question of being up-to-date. Electric Lights are one of the necessities of life—you use soap and water not because your neighbor does. ELECTRIC LIGHTS are one of the luxuries of life—you have a horse and carriage, an auto perhaps, and go to the theatre, occasionally, but not because your neighbor does.

SENATE OVERRIDES ANOTHER VETO OF GOVERNOR

20th Day—Afternoon Session
The Governor's message of appointments for ratification was set for the special order of the day, but action was deferred until Monday. All the names have been ratified with the exception of that of L. G. Kellogg, commissioner of the Board of Agriculture.

House Bill 128, relating to livery stables; House Bill 55, relating to statements of co-partnerships; House Bill 104, relating to foreclosure of mortgages; and House Bill 55, creating County revenue, passed first reading.

The House sent back Senate Bill 27, making the pay of Government laborers a minimum of \$1.50 a day. The Senate had amended the bill by cutting out the Counties from the operation thereof. The House amended the bill as passed by the Senate by having the County laborers included in the \$1.50 a day provision.

Knudsen moved that the Senate do not concur. The vote was as follows: Ayes: Dowsett, Gandall, Hayelden, Knudsen, Smith, Bishop.

Noes: Brown, Chillingworth, Coelho, Hewitt, Kalama, Lane, McCarthy, Makekau, Woods.

This passes the bill as amended by the House.

The House notified the Senate that it had overridden the veto of House Bill 30, making Saturday a five-hour working day for Government laborers. Action on this veto had been set for Saturday, but Chillingworth pointed out that the Senate would probably not work on that day, making a neat little speech complimentary to the Irish members of the Senate, and the vote was taken up.

Coelho moved to pass the bill over the veto. The vote was:

Ayes: Brown, Chillingworth, Coelho, Hewitt, Knudsen, Lane, McCarthy, Makekau, Smith, Gandall, Woods, Kalama.

Noes: Dowsett, Hayelden, Bishop.

This passes the bill over the veto. Chillingworth moved to adjourn until Monday. Coelho moved to adjourn until tomorrow. There was considerable debate. Chillingworth's motion carried.

MATERNITY HOME GIVES EXCELLENT LUAU

Excursionists from Los Angeles and townspeople vied with each other in the enjoyment of the luau given at the Maternity Home yesterday afternoon, the proceeds of which are to provide a new laundry for that useful institution. There were four regular luau tables, seating fifty persons each, and four foreign tables seating twenty each, but in spite of this apparently ample accommodation, the seats around the festive board were filled throughout the entire time devoted to the luau. The unqualified excellence of the spread to a great extent accounts for the fact that many were loth to leave the tables in a hurry.

Besides the luau tables other attractions were provided. Principal among these was a booth where Queen Liliuokalani sold ribbons bearing her autograph, keepsakes which were eagerly sought, especially by the visitors. There were also candy, flower and lemonade booths. The decorations were exceedingly handsome, being worked out with flags, flowers and leaves, while music of a kind to keep the gaiety at a constant pitch was furnished by the Hawaiian Band and the Kaul Quintet Club.

SUIT AGAINST THE U. S. GOVERNMENT

Sorenson & Lyle, proprietors of the Honolulu Marine Railway, have filed suit against the United States of America for \$1019.69, which they claim the Government owes them and refuses to pay.

The money is alleged to be due for repairs made to the schooner Chas. Levi Woodbury in 1905 on order of Lieutenant Commander Niblack, at that time commanding the tug Iroquois and attached to the Naval Station.

In June of that year the Woodbury was being towed to Midway with supplies for the cable station. Near Kaula the tow-line broke, and in maneuvering to make a new attachment the two vessels collided, the Woodbury being injured. She was brought back to Honolulu and ordered onto the marine railway for repairs.

Sorenson & Lyle claim that the value of the work and material was \$1019.69, which they want the Federal Government to pay.

INTER ISLAND ROAR

Members of the outside districts have been totaling up the amounts appropriated under Senate Bill 62, making special appropriations for the use of the Government during the

two years ending June 30, 1909.

Of the \$900,000, \$883,500, is for the Island of Oahu and \$16,500, for all other islands. "We want to know," said Senator Palmer Woods yesterday, "if they have not made a

mistake in giving the outside islands anything. They might as well take it all while they are about it."

The man who is worth the most usually makes the least show.
